

The Humanitarian Award

California Council of the Blind 2004 Humanitarian Award

On April 17, 2004, Sensory Access Foundation was privileged to receive the Humanitarian Award from the California Council of the Blind in recognition of SAF as a model agency providing technologically oriented services to create and maintain jobs for people who are blind or visually impaired.

It is especially rewarding to be recognized by the community that we serve. SAF would like to thank the California Council of the Blind for this honor.
